

PRODUCT DESCRIPTION & TECHNICAL COMPOSITION

DESCRIPTION

XtraProtect FS is a QAC-free, bio-based sanitiser for use in food preparation areas where high levels of hygiene are paramount.

All components of XtraProtect FS are biodegradable and are safe on skin. The product takes up to 30 seconds to kill and remove harmful germs from a surface and continues to do so once dry.

XtraProtect FS can be used in environments that require lower temperatures and is suitable for use alongside the entire Xtra Range. Please note that XtraClean must be the base applicant if you wish to combine multiple products.

REDEFINING MINDS

ECO WORLD®
